

## Scientific and Medical Research Funding Working Group

### Grant Review Working Group

Patient Advocates of the ICOC		Affiliation	
Robert Klein ( <i>ex-officio</i> )		ICOC Chairman	
Marci Feit		ICOC Patient Advocate - Type II Diabetes	
Sherry Lansing		ICOC Patient Advocate - Cancer	
Joan Samuelson (Vice Chair)		ICOC Patient Advocate - Parkinson's Disease	
David Serrano Sewell		ICOC Patient Advocate - MS/ALS	
Jeff Sheehy		ICOC Patient Advocate - HIV/AIDS	
Jonathan Shestack		ICOC Patient Advocate - Mental Health	
Janet Wright		ICOC Patient Advocate - Heart Disease	
Scientists	Affiliation	Expertise	
Susan Bonner-Weir	Joslin Diabetes Center, Harvard Medical School	Diabetes	
Ali Brivanlou	The Rockefeller University	Developmental Biology	
Jeff Bulte	John Hopkins University	Cellular Imaging	
Patricia Donahoe	Harvard Medical School	Oncology	
Andrew Feinberg	Johns Hopkins University	Oncology	
Alexandra Joyner	New York University School of Medicine	Developmental Biology	
Judith Kimble	University of Wisconsin	Developmental Biology, Organogenesis	
Jeffrey Macklis	Harvard Medical School	Neurodegenerative Diseases (ALS, SCI)	
Stuart Orkin (Chair)	Dana Farber Cancer Institute	Hematopoiesis, Gene Expression	
Jim Roberts	Fred Hutchinson Cancer Research Center	Oncology, Cell Cycle	
Jeffrey Rothstein	Johns Hopkins University School of Medicine	Neurodegenerative Diseases (ALS)	
Pablo Rubinstein	New York Blood Center	Hematopoiesis	
Dennis Steindler	University of Florida McKnight Brain Institute	Neurodegenerative Diseases	
Rainer Storb	Fred Hutchinson Cancer Research Center	Hematopoiesis, Bone Marrow Transplant	
Wise Young	Rutgers University	Neurodegenerative Diseases (SCI)	
Alternate Scientists	Affiliation	Expertise	
Marie Csete	Emory University	Stem Cell Biology, Transplantation	
Margaret Baron	Mount Sinai School of Medicine	Hematopoiesis Embryogenesis Gene Expression	
Ian D. Duncan	University of Wisconsin	Neurodegenerative Diseases (MS)	
Kevin Egan	Harvard University	Epigenetics, Stem Cell Biology	
Stephen Emerson	University of Pennsylvania	Hematopoietic Cells and Transplantation	
Todd Evans	Albert Einstein College of Medicine	Developmental and Molecular Biology	
Charles French-Constant	University of Cambridge	Neurogenesis, Neurodegenerative Diseases (MS)	
Gordon Fishell	New York University School of Medicine	Developmental Genetics	
John Gearhart	John Hopkins University School of Medicine	Mammalian Developmental Genetics, Human Stem Cell Biology	
Margaret Goodell	Baylor College of Medicine	Hematopoietic Stem Cells, Gene Therapy	
Douglas Kerr	John Hopkins Hospital	Neurodegenerative Diseases (TM)	
Ann Kiessling	Harvard Medical School	Reproductive Biology, HIV	
Diane Krause	Yale University School of Medicine	Hematopoietic Stem and Progenitor Cells	
Joanne Kurtzberg	Duke University Children's Hospital	Hematopoiesis, Cord Blood Transplantation	
Ihor Lemishka	Princeton University	Hematopoiesis, Gene Expression, Databases	
Olle Lindvall	Lund University	Neurodegenerative Diseases (PD)	
Ray MacDonald	University of Texas Southwestern Medical Center	Organogenesis, Gene Expression	
Sean Morrison	University of Michigan Medical School	Hematopoietic and Neural Stem Cells	

<b>Alternate Scientists</b>	<b>Affiliation</b>	<b>Expertise</b>
Jon Odorico	University of Wisconsin	Diabetes, Transplantation
Frank Rauscher	The Wistar Institute Cancer Center	Oncology, Epigenetics
Thomas A. Reh	University of Washington School of Medicine	Retinal Development
Yair Reisner	Weizmann Institute of Science	Immunology, Transplantation
Raymond Roos	University of Chicago	Neurodegenerative Diseases (ALS, MS)
Michael R. Rosen	Columbia University	Cardiovascular Disease
Alan Rosmarin	Brown Medical School	Hematology, Gene Expression
Janet Rossant	University of Toronto	Developmental and Stem Cell Biology
Michael Rudnicki	Ottawa Health Research Institute	Myogenesis, Gene Expression
David Scadden	Harvard Medical School	Stem Cell Microenvironments
Harinder Singh	University of Chicago	Hematopoietic Cell Differentiation, Immune System
Glyn Stacey	United Kingdom's Stem Cell Bank	Stem Cell Standardization and Banking
Charles D. Stiles	Dana Farber Cancer Institute, Harvard Medical School	Neuro-oncology, Genomics
Lorenz Studer	Memorial Sloan-Kettering Cancer Center	Neurogenesis, Differentiation
Catherine Verfaillie	University of Minnesota	Hematopoiesis, Mesenchymal Stem Cells
Amy Wagers	Harvard Medical School	Hematopoietic Stem Cells
John Wagner	University of Minnesota	Hematopoietic Cells, Transplantation
Fiona Watt	Cambridge Research Institute	Epidermal Stem Cells, Oncology
David Williams	Cincinnati Children's Hospital Medical Center	Hematopoiesis, Gene Therapy
<b>Ad Hoc Members</b>	<b>Affiliation</b>	<b>Expertise</b>
George Daley	Boston Children's Hospital & Harvard Stem Cell Institute	Hematopoiesis, Oncology
John Trojanowski	University of Pennsylvania	Neurodegenerative Diseases (AD)
Josh Sanes	Harvard University	Neurobiology, Molecular and Cellular Biology
Allan Spradling	Carnegie Institution & Johns Hopkins University	Germline Stem Cells
